THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI A. RAJA): (a) to (c) The authorised local chemists of CGHS Delhi had gone on strike during 1.4.2002 to 12.4.2002. The strike was restricted to Delhi only. The chemists were protesting against (i) withholding of 10% of their bills submitted to the CGHS, and (ii) delayed payment of their bills by the CGHS. Ten per cent of the bill amount preferred by the chemists is being withheld by the CGHS in view of the matter relating to charging of sales tax by the chemists. These matters are now under reference to the C&AG. As regards delayed payment of bills, this was due to non-availability of funds with the CGHS during the close of the Financial Year 2001-2002. However, the payment against the local chemists have since been released and their bills are being cleared regularly.

During the strike period, to avoid any difficulties to the CGHS beneficiaries, they were allowed to purchase medicines from the open market and get reimbursement from the respective offices in the case of serving employees and from the CGHS in the case of pensioner beneficiaries.
